12TH GLOBAL SOCIAL THINKING[®]

PROVIDERS' CONFERENCE

JUNE 21- 23, 2019

Thank you for your interest in our 12th annual **Global Social Thinking Providers' Conference, June 21 - 23, 2019!** The Providers' Conference is a time for Social Thinking practitioners around the globe to come together to learn, share ideas, and network with one another. Our hope is that attendees will gain new knowledge from one another to not have to "re-create the wheel." Each year, the Providers' Conference showcases unique ways in which individuals, teams, clinics, and schools expand upon and share their ideas for implementing components of the methodology. The origin of this conference came from Michelle's travels and interactions with people from around the globe who were developing great ideas on how to extend the work into their communities, classrooms, homes and schools. She decided that a "Providers' Conference" would be the perfect opportunity to allow others to share their triumphs and challenges. We want you to apply to speak if you are one of those people!

THE FOCUS OF THIS YEAR'S 2019 CONFERENCE THEME: *Treatment Journeys for Different Ages and Issues*

This year's theme explores how to engage students in layered teaching by using multiple frameworks and teaching concepts within the Social Thinking Methodology as part of the treatment journey.

THE 2019 STPC WILL BE DIFFERENT FROM PAST CONFERENCES BECAUSE:

- **FRIDAY WILL BE THE ONLY DAY OF BREAKOUT SESSIONS:**
 - THERE WILL BE TWO BREAKOUT SESSIONS RUNNING SIMULTANEOUSLY RATHER THAN THREE
- **SATURDAY WILL REMAIN A KEYNOTE DAY:**
 - MICHELLE GARCIA WINNER WILL GIVE THE 2ND DAY ON THE TOPIC OF EMOTIONS: ALL THAT WE FEEL AND MORE THAN WE THINK.
- **SUNDAY WILL BE A NEW FORMAT TO ENCOURAGE AUDIENCE ENGAGEMENT AND ACTIVE TAKE-AWAYS:**
 - KEYNOTE ON DEVELOPMENT OF INDIVIDUALIZED TREATMENT JOURNEYS USING SOCIAL THINKING'S FRAMEWORKS AND CONCEPTS
 - AGE BASED BREAKOUT SESSIONS
 - EXPLORING DEVELOPMENTAL TREATMENT JOURNEYS THROUGH AGE BASED CASE STUDIES LED BY SMALL-GROUP LEADERS
 - SMALL GROUP PROBLEM SOLVING
 - PANEL Q &A

PURPOSE

- Share new insights and ideas that influence how the Social Thinking (ST) methodology continues to evolve
- Report on research currently in progress or recently completed

- Provide a means for sharing diverse topics related to the ST methodology and the treatment of individuals with social learning challenges
- Provide an opportunity for ST professionals, individually or in teams, to share their unique diagnostic, treatment, or service delivery models
- Share treatment data or qualitative assessment methods

WE ENCOURAGE INDIVIDUALS OR TEAMS TO APPLY WHO HAVE:

- Used many different Social Thinking treatment frameworks (e.g. Friendship Pyramid, Social Behavior Mapping, Social Anxiety Spirals, etc.) and strategies in combination as part of a longer treatment journey
- Integrated the ST methodology into a school-wide program.
- Worked closely with a classroom teacher who integrate components of the ST methodology classroom-wide.
- Utilized aspects of the Social Thinking Methodology at home with siblings and parents as “family teaching for everyone”
- Found new and exciting ways to infuse the latest technology into the therapy/treatment setting and across the school day.
- Utilize innovative treatments which dovetail with the Social Thinking Methodology.
- Developed new ways of utilizing aspects of the Social Thinking Methodology with college students and/or adults to improve their competences in their college, community, or work-based setting.
- Completed research related to the ST methodology and have data to share.

APPLICATION CONSIDERATIONS

Avoid submitting:

- Presentations about information already covered in one of our Social Thinking conference days or products. [The Providers' Conference does not cover “Social Thinking 101” topics from submitted speakers.]
- Presentations about other approaches or interventions that don't explicitly connect to the Social Thinking methodology. We embrace a link to other treatment philosophies, but do not consider submissions that introduce concepts without dovetailing the ideas back to our work.
- Presentations that are overly technical, formal, or full of obscure vocabulary. Instead, use common every day terms when talking about your ideas. Given that the Social Thinking Methodology is about using basic language to explain complex ideas, we expect our speakers to practice what we preach. Avoid acronyms and ivory tower vocabulary when talking about clinical strategies and/or research. The Social Thinking methodology is intended for professionals, as well as individuals with social learning challenges and their families.

APPLICATION DETAILS

If you are interested in speaking at the conference, please complete the following application. The deadline is **Friday, FEBRUARY 01, 2019**. Submission information can be found below the application. Applicants will be notified by **Friday, February 08, 2019**.

- 1.
- 2.
- 3.

5. THREE LEARNING OBJECTIVES AND RELATED OUTCOMES:

All outcomes in your objectives must be **observable** and/or **measurable** so please avoid words like “understand” or “know.” Instead, use action words like “show”, “discuss” or “demonstrate.” Please write all course objectives according to the guidelines listed in this link: <http://www.asha.org/ce/for-providers/outcomes/>

Examples include:

Learner Outcome Example: "As a result of this activity the participant will be able to list..."

Learner Outcome Example: "As a result of this activity, the participant will be able to summarize..."

- 1.
- 2.
- 3.

Important: All speakers will receive feedback from attendees about their learning objectives, so make them focused and highly relevant to the content of your talk!

TECHNOLOGY AND MATERIALS

Social Thinking will provide the following:

- HDMI cable only (No VGA available at this venue)
- Audio via HDMI or audio cable
- Wireless Handheld Microphone
- Projector and screen

The speaker is responsible for all technology not listed above (e.g., laptop, HDMI adapter for your laptop or tablet, clicker, etc.). Please bring a copy of your talk on a flash drive/thumb drive just in case!

Handouts: If accepted, speakers are responsible for submitting a PowerPoint handout of their slides and any additional handouts for the talk. We will provide detailed information about creating handouts for this event once you are accepted. All handouts will be available for download on our website one month prior to the conference and one month after the conference.

The conference handouts deadline is **May 1st, 2019**. Please be prepared to meet this deadline prior to submitting your application. Late submissions may not be available to attendees to download and may affect the quality of your talk.

Use of client images/video: If you are using any image/video of a client or clients, you are required to have a signed permission from the individual or their guardian giving you permission to use this personal information in your talk.

Use of copyrighted information: If you are using another's copyrighted material, you are required to gain permission to use that material and then give proper attribution to the creator of the work you are mentioning. Please also provide a reference to their work in your description.
