

## 2021 Social Thinking Livestream-Recorded Courses

**Please visit our website for complete details of our 2021 livestream-recorded trainings and to register online.**

Livestream-recorded courses give you the opportunity to learn about a wide array of topics for all ages. Now it is easier and more affordable than ever to learn about self-regulation, executive functions, the social-academic connection, social metacognition, and more when you want, and no matter where you are. Our excellent speakers provide practical strategies, tools, and information from their vast teaching experience, strong knowledge of the research and decades of working with social learners (e.g. ADHD, ASD levels 1 & 2, language learning challenges, twice exceptional).

For one low price you'll have access to both the livestream and recorded event through May 31st. You'll learn from practicing clinicians who are the creators of the Social Thinking® Methodology and their colleagues. All speakers make it a point to incorporate timely insights, relevant research and humor into all of their presentations. During livestream events, select comments and questions from attendees will be reviewed during Q&A. Unlike our on-demand content, our livestream and recorded courses will only be available for a short time. So, make sure to catch them before they're gone.

### Continuing Education is Available

When you register as a Professional for a livestream or recorded event, you may be able to earn CE credit at no additional cost. Each course provides 2-3.5 hours of instruction. **For information about earning CE credit, make sure to visit our website.**

Social Thinking Publishing is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

Each 3.5 hours long livestream or recorded course is offered for 0.35 ASHA CEUs (Intermediate level, Professional area).

Each 3 hours long recorded course is offered for 0.3 ASHA CEUs (Intermediate level, Professional area).

Each 2 hours long recorded course that is offered for 0.2 ASHA CEUs (Intermediate level, Professional area).

### Affordable Pandemic Pricing

#### Professional Pricing

### Who Should Attend?

Speech language pathologists, special and general education teachers, social workers, counselors, school and clinical psychologists, family members and caregivers, occupational therapists, behavior specialists, school administrators, and anyone else interested in learning how to help those with social learning challenges.

**Email Address Required for Each Attendee.** A Social Thinking account will be required to access the course. If the attendee does not have an account, one will be generated for them. An email will be sent as the registration for the course is processed with a temporary password. Individuals are encouraged to log in to test their account prior to the scheduled course day. The attendee is not registered until we receive and process payment. If you are submitting registration(s) on behalf of others, include the name and email of the actual attendee and not your own, as the confirmation email should go to the true attendee.

### Cancellation and Change Policy:

No cancellation is permitted once a livestream course's live link email is sent, which happens 3 days prior to the course. If you cancel your registration up to 4 days prior to the livestream course, we will refund your payment minus a \$10 administration fee per course. If you need to change the attendee's name or are requesting a transfer in registration to a different livestream or recorded course, we will charge a change fee of \$10 for each change requested. ## 14th Annual Social Thinking Global Providers' Online Conference

Each year our Social Thinking Providers' Conference is special! Attendees from the around the world explore practical concepts and strategies to help them continue to develop their own competencies when working with neurodiverse and neurotypical students and individuals.

Spanning three days with 3.5 hours each day of illuminating instruction and discussion, this year's 14th Annual Social Thinking Global Providers' Online Conference will address topics important for the times: **Diversity, Resilience, Tenacity, Social Competencies and Hope!** It's impossible to develop resilience and tenacity without social competencies and hope. We'll also address diversity—how support systems and treatment materials should be informed by differences in cultures, race, and learning styles to create information that is meaningful and helpful to all. We are delighted to welcome three guest keynote speakers who will provide concepts and strategies to give interventionists, as well as the individuals they support, social competencies and hope!
