Social Thinking's free webinar series

How to Use Social Thinking Materials to Teach Ages 4-7

In this free webinar, Michelle Garcia Winner, the founder of Social Thinking and co-author of the *We Thinkers!* series for early learners, will provide insider tips for using products published by Social Thinking to nurture social emotional learning in ages 4-7. Our *We Thinkers!* series introduces foundational social learning concepts and then advances into socially-based executive functioning. Explore how to use this series to implement Social Thinking Vocabulary, infuse music, and encourage awareness of how to be a "We Thinker" when playing or learning in a group. The materials are helpful for students with solid to strong language and academic learning skills in mainstream and special education; all materials can also be used as part of Positive Behavioral Interventions and Supports (PBIS), Social Emotional Learning (SEL) programs, and Response to Intervention (RTI) Tier 1, 2 and 3. Other books that can be used in conjunction with the *We Thinkers!* series will also be discussed.

- 90 minutes of instruction
- Original webinar took place Jan 24, 2017, recording is available to be watched at any time

Person in Attendance:

A handwritten signature in black ink, appearing to read "Heidi Winner", written over a horizontal line.
