

Intention Based: Social Behavior Mapping for Adolescents and Adults

The Situation:

Exploring how ones' behavior is interpreted and responded to

What you intended to communicate through your behavior	Your expected behaviors in this situation	How people perceived your intentions based on your behaviors	How they felt based on this interpretation	How they react: based on how they feel	How you feel, based on how they react to you
What you intended to communicate through your behavior	Your unexpected behaviors in this situation	How people perceived your intentions based on your behaviors	How they felt based on this interpretation	How they react: based on how they feel	How you feel, based on how they react to you
